LOGAN HERE WITH CASUALS

Rough weather encountered between the coast of Japan and the Hawaiian Islands had something to do with the delay in arrival of the United States army transport Logan. The vessel is en route from Manila to San Francisco and is carrying a large number of first and second class passengers.

Several hundred soldiers, sailors and enlisted men connected with the service in the Philippines are returning to the homeland after having served their tour of duty. There are no regular organizations on board the vessel.

The Logan went alongside the naval wharf early this morning. The transport will sail for San Francisco at 5 o'clock this evening, taking about a dozen passengers from Honolulu. The vessel will be given the mainland mail.

Upon arrival here the officers turned over two Filipino stowaways who will be held here pending the arrival of the next transport from the coast.

R. A. Eckman is the lieutenant governor of the Mountain Provinces of Northern Luzon with headquarters at Baguio. He is on vacation leave and accompanied by Mrs. Eckman.

Director Frank P. Helm of the Bureau of Navigation in the Philippine government service is taking a six months leave of absence, the greater part of which will be spent in the United States. Director Helm has under his jurisdiction the operation and maintenance of a large fleet of coast guard vessels. His department is one of the most important in the service.

Theodore D. Jenkins is a newspaper man who has been associated with the staff of several American daily papers at Manila. He is now holding down a responsible position with the Insular government.

J. A. Hoggsett, the assistant director of the million dollar printing plant operated by the Philippine Insular government, is a passenger by the Logan.

Major Delamere Skerrett is leaving the transport at Honolulu.

R. B. Park, an employee of the United States navy, also left the transport at this port.

In addition to a full list of cabin and second class passengers, the Logan arrived with 108 enlisted men of Battery D, 2nd Field Artillery, 217 enlisted men, casualties of the United States army, 15 discharged enlisted men, 17 men in hospital, 37 men belonging to the United States navy and marine corps and a dozen military convicts.

The ranking officer on board is Major Cornelius De W. Wilcox.

PARDON ISSUED FOR TIN SOON

Tin Soon, who was brought back to Hawaii by Billy Woods, from San Francisco, is now located at the Territorial Prison, where High Sheriff Henry will see to it that he has no chance of escaping again.

This morning Governor Frear issued a pardon to Tin Soon on account of the sentence he is serving in the County Prison for horse stealing. The clemency of the Governor did not make Tin very happy, as it means nothing more than that he will at once begin to serve a sentence in the Territorial Jail that may last from one year to ten years, with every probability of the latter term being served.

The Chinese youth almost convinced the detectives in San Francisco that he was not the wanted man, and right up to the last he laughed at the idea that his name was Tin Soon. But there was a surprise in store for him, and when he was ushered into a room where Billy Woods was already sitting, Tin just gave in, and remarked: "Hello, Billy; how are you?"

The matter of the forged orders for sugar bags that were gathered in and sold by Tin Soon before he got away for the Coast, is being looked into, and the youth may get additional sentences for that crime, as well as for escaping from jail.

Three Chinese—Goo Pang, Ou Joy Hing and Chang Chan—have served thirty days extra on their sentences and have been released from jail by taking the poor man's oath. All of these men were in for smoking or having in their possession opium contrary to law.

The great advertising novelty and calendar firm of Whitehead and Hoag, Co. of Newark is represented in Honolulu by The Chas. R. Frazier Co., who will be pleased to submit ideas and samples.

A. H. FAVORS HILO WHARF

(Continued from Page 1) ... them the form as far as it was prepared, and I told them that as soon as it was in shape they should have a copy of it, and they did.

"As to Walter Dillingham's copy, I know nothing about that, but I presume that he obtained it from Thurston, who was his attorney in the matter and who had been working on the license for several weeks with the government. There is no reason why he could not have had as many copies as he wanted from that source, but he received none from my office."

LIQUOR BOARD MEETS TODAY

Others will ask for Sunday privileges to sell liquor, it is expected, at this afternoon's session of the Board of License Commissioners, which meets at 4 o'clock at the palace.

At the meeting last week, four Sunday privileges were given to local hotels and restaurants, and others which had privileges before are expected to put in applications for renewals.

Waikiki Inn, the Seaside Hotel and Saneichi all had Sunday privileges before, and these are expected to be the first to apply for renewals or, rather, granting of the privilege again.

In addition to the special privileges expected to be asked, Joe Silva will be given a hearing on the recent trouble in the Pantheon Saloon, where H. M. Ayres was attacked by two men and beaten on election night. Ayres will be a witness before the hearing at the board this afternoon, it is expected, and some members of the board were in the police court when the case brought by Ayres was heard, so that the board has a good idea of what transpired on that evening.

No line can be gained on the action of the board this afternoon in regard to the license of the Pantheon, but it is not thought that the license will be revoked. A severe reprimand will probably be the severest punishment inflicted.

RAIN REVIVES PRICE OF OAHU

News of a heavy rain "down the road" had all immediate effect on Oahu stock this morning.

What Oahu and Ewa have wanted for some months is more rain, a good soaking rain. When it was learned today that the rain fall was general and particularly at Oahu and Ewa, the hopes of the Oahu holders immediately began to rise, and the price of stock jumped from 31 to 32 1/2.

These two plantations are not especially short of water but shortage of rain means more expense of pumping. Oahu also figured in the Exchange business of the forenoon. Two hundred and forty shares sold at 6.50 and the stock closed strong at that figure. Ewa sold at one eighth off, the last previous sale being at 34. Twenty five Waiuku sold between boards at 129 but the stock is weak at that figure. Generally speaking the general condition of the market is firmer, though there is little bidding outside the stocks mentioned.
